SUMMARY

During the year 2016-17, Envisions Institute of Development (EID) was able to get some major assignments from UNICEF, UNHCR-ACCESS, World Vision India, Tata Chemicals Ltd. These assignments covered a wide range of developmental issues, such as:

- Health – Routine Immunisation
- Water and Sanitation
- Livelihoods and Self-reliance
- Child Nutrition
- Agriculture

Programmes sponsored by reputed agencies like United Nations Children's Fund (UNICEF), United Nations High Commissioner for Refugees (UNHCR), World Vision India and Tata Chemicals Ltd. were implemented. Details of these programmes are given.

PARTNERSHIP WITH WORLD VISION INDIA

TIME & TARGETED COUNSELLING (TTC) TRAININGS

ttC trainings were organised during the month June to July 2016 in Raipur and Bilaspur, Chhattisgarh project area of World Vision India. ttC workshop for AWW & Community health workers (CHW) to equip them to deliver effectively health and nutrition messages to family at right time, aiming to reduce maternal & infant/ child morbidity & mortality. Total 133 participants participated the training.

VILLAGE HEALTH AND NUTRITION DAY (VHND) TRAININGS

VHND trainings for ASHA, AWW, ANM and frontline workers of World Vision India were also conducted in the month July 2016 for strengthen them to organise a purposeful and successful VHND. Total one hundred eighty participants participated the VHND training.

PARTNERSHIP WITH UNHCR

ENTREPRENEURSHIP DEVELOPMENT PROGRAMMES FOR REFUGEES

United Nations High Commissioner for Refugees (UNHCR) a UN organisation helps international refugees lead a dignified life in their country of refuge. As a part of their 'enterprise' programme they support refugees to earn their livelihoods for self-reliance. Through their partner Access, under the UNHCR livelihoods and self-reliance programme for Afghan refugee women a entrepreneurship development programme (EDP) for Afghan refugee women was organised by us. The training was held in two phases:

- Phase I was organized for five days from September 29-October3, 2015. Basics of entrepreneurship were covered during this phase;
- Phase II was held for five days from October20-October21 and November 2-4, 2015. Under this phase the participants used their understanding of entrepreneurship and the findings of their field work to finalize their business plans.

Twenty-one participants attended the entrepreneurship development programme. After attending this training several Afghan women have come together to start a food business in the name of *Ilham*. Since then the group has been running a successful business and has been covered by media very well.

Trainings were also organised for refugees from Myanmar who are engaged in business. These trainings were organised on the format of business consultation and called Big Business Consultation workshops (BBC). Forty-four participants from Myanmar attended these BBC workshops.

PARTNERSHIP WITH UNICEF

We conducted several capacity building training in different states under the major assignment “Strengthening Institutional Capacity for Delivering Social and Behaviour Change Communication Trainings” over a 30 month period across all states covering five sectors health, Nutrition, Education, Water, and sanitation.

WORKSHOP ON DISTRICT COMMUNICATION PLANNING FOR REDUCTION OF OPEN DEFECATION

Communication workshop conducted for district level functionaries to strengthen the capacity of key stakeholders to plan & implement SBCC interventions for demand generation and promote hygiene practices to ensure ODF sustainability. Workshop was organised on August 2016 and A total 60 participants from all 32 districts of Assam participated in the workshop in the month August 2016.

SBCC FOR HYGIENE AND SANITATION

Trainings for Mid level Managers were organised in the districts Puri, Gopalpur, and Sambhalpur of Odisha. Mid level managers currently involved in planning and execution of water, sanitation & Hygiene programme of the

government. Trainings were organised from the month February to March 2017 and Total 103 officials participated in the workshop. Trainings were conducted to make them understand SBCC components within the state advocacy and communication strategy, develop district communication plan, develop SBCC monitoring plan and its execution.

SBCC SENSITISATION WORKSHOP FOR STRENGTHENING INSTITUTIONAL CAPACITY IN DELIVERING SBCC TRAININGS

Need was felt for SBCC and its applications in context of health interventions therefore refresh/sharpening workshop was organised to equip Senior and Mid level managers from NHM to train the frontline functionaries. Total 77 official from NHM, Kerala (Senior Manage and Mid level Manager) participated in the workshop in month February 2017.

WORKSHOP ON PLANNING AND MONITORING COMMUNICATION FOR ROUTINE IMMUNIZATION (RI)

32 officials from NHM, Gujarat participated in the RI planning and monitoring workshop in the month May 2016. Key objectives of the training were to leveraging existing RI data for information to develop need based communication action plan and budget for the districts and monitoring and supervision of communication interventions.

STRENGTHENING INSTITUTIONAL CAPACITY IN DELIVERING SOCIAL & BEHAVIOUR CHANGE COMMUNICATION

Trainings on Routine Immunization were conducted at SIHFW, Lucknow (UP) in the year 2016. Participants from 10 districts (Agra, Shravasti, Bahraich, Gonda, Bareilly, Badaun, Aligarh, Chitrakoot, Kasganj, Sambhal) of Uttar Pradesh were trained. Seven trainings were organised from August 2016 to September 2016 and 208 participants (District & Block level Health service providers: Medical officers/Health education officers/Health supervisors, Immunization officers, Block programme managers) participated.

SBCC FOR HIV: PLANNING SBCC INTERVENTION

A four days Training of Master Trainers held at Gurgaon, Haryana in the month September 2016. This training was attended by 22 National level Master Trainers from different states of India. The participants who attended the training were NACO's Regional

coordinators, TOs, Consultants, and officers. Use knowledge of SBCC for planning SBCC intervention for HIV, Prepare communication plan to implement HIV programs, Use their understanding of the socio-ecological model in communication planning, and Transfer their knowledge and skills to mid managers and service providers as facilitators were four major objectives of the training program.

TRAINING OF MASTER TRAINERS FOR SMNET

3 trainings were organised from April 2016 to July 2016. 84 participants (Sub-Regional Coordinators, District Urban Coordinators, District Mobilization Coordinators, District Coordinators, and Block

Coordinators) from SMNet were trained. Develop their exist SBCC training facilitation skills, understand the challenges faced by FLWs and demand generation for RI, apply SBCC approaches in addressing the challenges, understand how SBCC interventions can be included in state IEC program implementation plans (PIPs) were objectives of the trainings.

COMMUNICATION SKILLS AND ORGANISATION DEVELOPMENT, WORKSHOP

A three-day workshop of Partner NGO heads and RTE Managers was held in the month October 2016 at Raipur, Chhattisgarh. A total of 36 participants belonging to the various UNICEF Partner organisations attended the workshop. The objective of the training was to build the capacity and skills of the facilitators adequately so that they can effectively impart SBCC training to RTE Mitras regarding the objectives of education.

TOMT, SBCC FOR RTE MITRAS

Two trainings were organised to develop Master Trainers for train FLWs so that they are equipped to mobilize community for children education. Also able to monitor attendance and ensure quality education to children.

Participants, who attended trainings, were from state Chhattisgarh. Total 40 RTE Managers, RTE Facilitator/Cluster Coordinators were trained. Trainings were organised in the month November 2016. Handholding support was also provided to the master trainers during the FLWs' trainings.

PARTNERSHIP WITH TATA CHEMICALS LTD

EVALUATION SURVEY FOR TATA KISAN SANSAR

An evaluation study was conducted in 3 states, Uttar Pradesh, Haryana and Punjab. Evaluation study was conducted to understand farmers need regarding agriculture products and to know their opinion about Tata Kisan Store and its product. Total 240 farmers were interviewed from 3 states.
